

LORFORDS

1940s French Table

PRODUCT DESCRIPTION

Rare and extremely striking French gilded metal and rose marble table.

This beautiful table features an unusual central rope stretcher and a studded side along the top.

This 20th Century table is in the manner of Gilbert Poillerat, who trained at the École Boulle and was recognised as a master of metalwork.

Poillerat was producing coveted unique pieces for commission towards the end of the Art Deco period and his calligraphic style is reflected in this stunning table.

Circa 1940s.
