## French 19th c Large Blue Painted Panel circa 1820

### PRODUCT DESCRIPTION

---

French 19th Century blue painted panel, circa 1820.

This large panel has its original blue paint, lightly distressed with beautiful effect.

The panel will have come from the interior panelling - boiserie - of a French country home.

Originating in the 17th Century, boiserie was a way for architects to create unity and symmetry in a room, as well as providing architectural stability.

This panel would transform any interior with rustic charm.
