18th Century Swedish Stick Back Sofa **£4,200.00**

W: 168 cm (66 1/8")
H: 86 cm (33 7/8")

18th Century Swedish stick back sofa, with carved decorative detailing.

It has been dry scraped to original paint, giving it the fairytale charm of Gustavian painted furniture.

Seating in this period often left the wooden frame exposed in this way and decoration came from carved details. This sofa features common motifs of this period, including guilloche and egg and dart.

Supported by eight legs, this sofa combines neoclassical elegance with Swedish restraint.

Reupholstered in linen from Belgium.
