Italian 18th Century Commode

£3,750.00

W: 112 cm (44 1/16")
H: 80 cm (31 1/2")

Italian 18th Century marquetry commode.

This well-proportioned commode is inlaid with exotic woods and walnut. The date 1774 is inlaid on top.

Italian cabinet-makers used walnut late into the 18th Century, when its use had ceased in England.

The serpentine front of this commode is a very attractive feature, and the combination of walnut with the exotic veneers gives it excellent colour all round.

Resting on substantial bun feet.

This piece retains its original locks and keys, as well as its original hand-blocked paper lining. It is in an excellent condition.
