French Pine Faux Bamboo Table **£1,950.00**

W: 130 cm (51 3/16") H: 140 cm (55 1/8") D: 60 cm (23 5/8")

Fabulous French 19th Century faux bamboo table.

This unusual console table has a very striking presence. The raised and shaped gallery at the top in Carrara marble offers plenty of storage or a writing slope. The main body is in pine with a fine faux bamboo effect to the drawers and the ring-turned legs.

The pine has mellowed to beautiful colour, and the white Carrara marble top means this piece would work well in a kitchen or bathroom.
