Regency Wingback Armchair

£1,600.00

W: 74 cm (29 1/8")
H: 108 cm (42 1/2")
D: 80 cm (31 1/2")

Wonderful Regency mahogany wingback armchair, circa 1810.

This armchair has tall and majestic proportions, with deep enclosing wings. It rests on ring-turned mahogany legs that terminate in brass castors.

The ultimate fireside or reading chair with quintessentially British appeal.

Wingback furniture originally emerged to protect the sitter from cold draughts or stray embers from the fire in the 17th Century, but these armchairs have since become an established part of the English furniture lexicon.
