**£1,250.00**

W: 145 cm (57 1/16")  
H: 76 cm (29 15/16")  
D: 81.5 cm (32 1/16")

Stunning Swedish 20th Century carved oak desk.

This desk features a rectangular top with a moulded and intricately carved edge. The top rests on a substantial frieze, carved in the round with elegant foliate decoration and rosettes to each corner.

Resting on imposing end supports in the form of skilfully carved mythical dragons. United by a peripheral stretcher.

With its deep aged colour and striking mirrored carvings, this is a decorative and useful piece for adding drama to a space.

This piece would work equally well as a desk, centre or console table.
