Incense Burner

£13.33

W: 9.5 cm (3 3/4")
H: 14 cm (5 1/2")
D: 9.5 cm (3 3/4")

This laboratory grade glass funnel and brass bowl combined act as a perfect safe burning station for your incense.

This works perfectly with our own Haeckels Incense Cones.

The dish works as a place for the cone to sit and burn on its own whilst the funnel can be used to extinguish the cone or placed over the cone for a few seconds to create a burst of scent within the room.
