

LL8521092

Large 19th Century French Hallway Lantern £895.00

W: 49.5 cm (19 1/2")
H: 106 cm (41 3/4")
D: 49.5 cm (19 1/2")

Stunning late 19th Century wrought iron hallway lantern, French circa 1870.

This lantern would have originally been made for gas or candles but is now a flex and bulb that can easily be fitted to the mains supply.

One of the glass panels is a slightly different colour from the others but this does not detract from its charming presence.

Materials & Techniques: ['280']
Condition: Good
Period: 19th Cent
