

DA7321145

19th Century Georgian Copper Jug £380.00

W: 40 cm (15 3/4")
H: 28 cm (12")
D: 40 cm (15 3/4")

Pretty Georgian copper jug.

Featuring a large shaped and riveted handle and a pouring spout. It is in good condition and the grooves and signs of wear to the body just add to the texture and appeal of this jug.

This jug has a great country house aesthetic and will provide a lovely decorative accent. Would make for a wonderful rustic vase.

Materials & Techniques: Copper
Condition: Good
Period: 19th Cent
