Set of Four 19th Century Carved Wood and Gesso Wall Lights **£2,250.00**

Set of four 19th Century carved wood and gesso rococo three branch wall lights, converted from candleholders to electric.

These beautifully formed lights are rare survivors, especially in sets of more than one or two.

They remain in good condition for their age, but there are minor repairs and losses as would be expected, none of which are obvious or distracting.
