French Industrial Ladder

£3,500.00

W: 71 cm (27 15/16")
H: 208 cm (81 7/8")
D: 109 cm (42 15/16")

French industrial iron library ladder, originally used in a bank. Circa 1900.

This ladder has a practical design, with wheels for ease of movement, a hand rail and five steps.

The ladder would have been used previously to reach documents and valuables on higher shelves in a bank and could be used similarly for bookcases or in a library.

Whether you use this ladder for its purpose or as a decorative feature, it is a unique and stylish piece which will give your interior an industrial edge.
